The Cathedral of Rioja

[Bodegas Olarra website](#)

Founded in 1973, Bodegas Olarra is located in Logroño and distinguished by the beauty and complexity of its Winery, known as the Cathedral of Rioja - remarkable for its Y-shape design and having 111 hexagonal domes. The ageing hall houses 26,000 oak barrels and we have been great fans of all these wines which are firm favourites with all our customers.

Waterkloof Wine Estate & False Bay Vineyards

[Waterkloof Wine Estate Website](#)

One of our very favourite producers was founded by Paul Boutinot in 2004, Waterkloof is a family-owned, organic, biodynamic and WWF Biodiversity Champion farm perched high up on the windswept Schapenberg, overlooking False Bay and The Atlantic Ocean. Living soils, naturally low yields and a long growing season help provide talented young Cellarmaster Nadia Barnard with naturally balanced grapes that are imbued with a truly defining sense of origin.

(Below are a selection of wines from Waterkloof – there are more available – Please ask)

EMILIANA Organic Vineyards

[Emiliana website](#)

Voted "Winery of the Year 2016", Emiliana is one of Chile's pioneers in organic and biodynamic winemaking and is the largest Organic wine producer in the country. Its spectacular biodynamic vineyard and winery at Los Robles is a model that attracts visiting viticulturalists and winemakers from across the world.

18 - JAPAN

Château Mercian

[Chateau Mercian website](#)

Château Mercian is the oldest established winery in Japan, starting out in 1870 having sent two young men to France to understand wine making in the European tradition. Indeed the descendants of these two men are still growing Koshu for Mercian today. Believed to be the naturalised hybrid of a Georgian grape variety. Ampelographers continue to isolate the DNA of Koshu, but we do not actually know, outright, its source. What we do know is that it is a lurid pink on the vine, generally grown in the local tana method (overhead bamboo trellis).
